

## CLIMAX BATTLE NEAR IN NORTH AFRICA

### BIZERTE BESIEGED IN SWIFT DESERT MOVE

Censorship imposed against any leak in information about what is going on in North Africa, left the world without news Thursday but enough was heard to indicate definitely that the final stage of the conflict that has raged for more than 2 years, has been cast.

Beserte, great French naval base off Tunisia, was under siege by swift moving British, French and American forces, moving in from all directions.

Out at sea stood powerful units of the British and American fleets, ready for an Axis attempt to reinforce the armies of Rommel now greatly reduced.

Beserte is the Singapore of the Mediterranean. This port is large enough to accommodate both the entire American and British fleets. Its capture will seal Axis doom in that area.

It was expected that the big battle would get under way within the next few days.

There will be no important news development for some time to come.

Hitler is reported to be giving up the Caucasus and Stalingrad sectors and will fall back behind the Don River for a winter line.

## FRANK BROSCH FUNERAL HELD HERE MONDAY

Frank Brosch died at his home in Meeks Community Saturday night, November 14, 1942, at 11:45 p. m.

Mr. Brosch had been in ill health for sometime but his death came as a shock to his friends. He became very ill Saturday afternoon and died Saturday night.

Frank Brosch was born in Lubomeri, Moravia, in 1879, and came to the United States in 1901. The same year he was married to Anna Salach and to this marriage was born one child, Mrs. Bessie Kolacek of Seymour.

Funeral Services were held Monday November 16, 1942, at 2 o'clock from the Marek-Burns Funeral Home. Rev. Solomon of the First Presbyterian Church of Cameron conducting the services. Interment will be in the Oak Hill Cemetery.

## NATION'S SCRAP DRIVE WILL BE CONTINUED

Newspapers of America have been called upon to assist in the scrap drive which is to be continued.

The Herald has published advertising free in co-operation with the Milam County Defense Council and the schools and the county superintendent.

In this connection Col. Hal Horton of Camp Hood was in Cameron last week checking into the success of the drive here. Colonel Horton said that the scrap pile in Milam county as well as in other counties has as yet been barely touched.

Practically all the scrap is in the country. He was especially hopeful that the local county committee might find some way to bring in this scrap or to interest junk dealers. The army, he said cannot possibly haul in all this scrap. Col. Horton has 13 counties. "We are training our soldiers to fight," said the Colonel, "and we cannot divert their attention to scrap hauling on an extended scale."

Except for the Cameron schools there has been no report on how the job was done in Milam. In Cameron the job was an excellent one and a report on total tonnage has been made. In the city of Cameron no report was made and no reports have been received from the county at large.

No good purpose can be served by a continued delay in ascertaining the facts. Those in charge should get in the scrap and determine how much and where it is located.

### NAVAL RECRUITING

Chief Petty Officer Eady of the Navy Recruiting Service will interview applicants for the U. S. Navy, and the Seabees at the Chamber of Commerce, Friday. Many excellent opportunities are offered young men who elect to serve with the Navy.

Telephone your new items to 282.

### White House Tree

Even the White House puts on an extra decoration for the Yule holidays. The tree here is just outside the main entrance of the President's home.

## Cameron Flyer Buys Bonds; Drives Bomber And Urges Us to Buy

Lieut. Sam Oliver, instructor at the Bombardier School at San Angelo, writes to say he is doing fine and enjoys the Herald which some friends has mailed to him for a year.

"I really am enjoying my work here. I meet my crew every morning and we have a short briefing period, then we meet at our ship which is loaded and ready for the bombing mission. We do our best at bombing missions and hope to get at our foes sometime in the near future. We want to put a stop to the Axis."

"By the way, insist on the people of Cameron and surrounding communities to buy war bonds and stamps. The more they buy the more planes and bombs we can give Hitler but in a way not liked by him. I am buying a bond a month and wish I could do more. So until we meet again I say buy bonds to build ships and planes and I will 'keep 'em flying.'"

## Toyland Opens at J. C. Penney Store

Toyland at the J. C. Penney Company is now open, readers of the Herald, daily and weekly are told.

M. H. Boehner, manager of the store, says the display this year is the best in Penney history in Cameron.

The kids are invited. The Toyland store is on the third floor of the store. Santa Claus is faithful. Wars have never stopped his work and this reminds all that Christmas is not far away.

## Cameron Made Center For New Methodist Plan of Service

Cameron has been made a center for Methodist religious activities under war time shift of organization and Rev. Bob Pool, just returned here, will have the assistance of Rev. S. B. Smith in the work.

Churches at Minerva, Ben Arnold, Maysfield, Salem and other nearby points will be served.

Mrs. Winnie Witliff has been retained as finance secretary for the work. Mrs. Pool will have charge of Mission work and related activities.

Rev. Pool brought the program Wednesday at the Rotary club. Each of his assistants in the new order of church work took part on the program.

### BUSINESS WOMEN

At the meeting of the Business & Professional Women's Club Tuesday evening Mrs. Linda Perkins, president, presiding, Miss Leila Woolley was appointed chairman of the sick and visiting committee. Report of sales of Bonds and War Savings Stamps was given. Mrs. Adolph Winfield was welcomed into membership of the club.

Following the business session, a salad plate with hot tea was served in the dining room with Mesdames L. Bigbee and Tom Vaughan as hostesses.

Mrs. Mary Quillen of Marlow was here Saturday.

## 660 TONS OF SCRAP REPORTED IN COUNTY

Milam County has collected 660 tons of scrap metal it was reported by S. E. Brogdon, Chairman.

The report is not correct but is approximate. Getting a complete report on the amount collected may soon be undertaken. The only disappointing thing about the campaign is the failure of those in direct charge in the county to get a report. Also the campaign has failed in another respect. The metals collected are still undelivered, in large part.

Mr. Brogdon's report covers purchases made by junk dealers and may be near the total reported thus far.

The schools of Cameron set the best example, giving a complete report. Milam county has reported one million, three hundred and thirty thousand pounds.

## CAMERON STILL FAR SHORT OF BOND QUOTA

Indications were Cameron might reach its quota of bonds sales by the end of the year.

The balance to sell was \$47,932.75 almost half the sum unsold when the recent reorganized committee went to work. Like many other movements no reports are received in detail.

From the office of Emory B. Camp, county chairman, each week is issued a summary of the entire county. Last week Cameron bought only \$2000 in bonds and stamps. If this rate of buying is not increased Cameron will fall far short of her quota for the year.

Even worse was the picture in the county as a whole. The county has sold a little over half its quota. The balance to sell is \$371,211. Only eight communities have exceeded their quota, Rockdale leading the overplus column with \$22,900.

Total sales for the week in the county was \$7,190. Cameron was only \$47,000 shy of its quota.

## WAR ON RATS IS RESUMED IN CITY

The Milam County Health unit announces a rodent control program to start in Cameron this week. All business houses will be poisoned to destroy rats during this campaign, and the public can get information on treating residents by calling the Health Unit office and talking to Ralph Mitchell, Sanitarium for the unit.

No poison will be put out in homes, but full instructions will be given as to type of poison and bait to use and other necessary information on rat killing and rat proofing.

The city is financing the cost of treating the business section due to the fact that there have been several cases of typhus in past few months.

## CITY MAKES REPORT ON SCRAP COLLECTED

The City of Cameron Saturday made a report on the amount of scrap metals collected in the drive announced by Mayor Leland Green shortly before the National Newspaper Campaign was launched in which were merged the school drives.

City Marshal Gene Smith brought the report to the Herald and collected some metals deposited at the newspaper plant for the scrap drive.

City Secretary Dan Tyson, compiled the record of the collection and gave the figures as follows: There was collected a total of 24,510 pounds.

The materials were sold and from the iron the city received \$75.58 and from the tin a total of \$11.34. The grand total realized was \$86.92 and \$43.92 was sent to the Red Cross and a like amount to the USO.

If those in charge of the county wide scrap drive will get their reports up the total amount can be ascertained. In this way Milam county will get credit for its efforts.

Mrs. Jessie Winn who has been quite ill with pneumonia, is now improving and able to be up at times in her room.

## ADAQUATE SUPPLY OF GAS FOR THIS WINTER

Assurance of a sufficient supply of natural gas this winter provided it is used wisely was given today by Community Natural Gas Company in announcing construction of new field lines to take care of war and seasonal loads. Ways to conserve gas in house heating were given.

"As far as our engineers and production men can tell," said gas company officials, "we will be able to meet demands of all residential, commercial and war production customers this winter. We are in a somewhat more favorable position as regards natural gas supplies than some other sections of the country. However, we ask customers to do all they can to conserve the supply and not waste it."

The gas company is in the midst of a field line construction program designed to bring more natural gas from East Texas fields.

Suggestions from the gas company on how to use gas wisely in house heating follows:

1. Avoid over-heating. Don't let temperature get above 72 degrees.
2. Keep all heating equipment in good operating condition; keep it clean and free from all dust particles.
3. Flame on radiant-type room heaters should not be allowed to lick out top of radiators.
4. If you have a gas heater in your fireplace, seal the flue tightly so the room heat will not go out the chimney.
5. Shut off from rest of house the seldom used rooms such as spare bedrooms or sun porch. However, for the health of your family, maintain an even heat not over 72 degrees throughout balance of house.
6. Window openings should be no wider than necessary for an ample flow of fresh air, otherwise they become heat wasters. Where unvented equipment is used, a small opening at the top of the window is recommended to help reduce "wall sweating."

## CAMERON WILL HAVE RESIDENT ENGINEER

Cameron will shortly have a State Highway Resident Engineer, it was learned here Saturday in a letter from Senator Kyle Vick at Waco.

It was understood that the engineer is due to arrive here shortly or may have already moved to the city.

Senator Vick has been especially active over the highway needs in Milam county and the bridge over Little River now under extensive repairs. Construction is going ahead on the trestle.

It was not known whether the District Highway Engineer would move from Bryan or whether the Highway Department was supplementing its service by placing an engineer here.

J. W. Boykin of Mart visited his mother, Mrs. T. W. Boykin in Ben Arnold and also in the homes of Mr. and Mrs. J. L. Slaughter and Mrs. G. A. Plentl over the week end.

M. J. Weige of Ben Arnold was in Cameron Friday.

## What You Buy With WAR BONDS

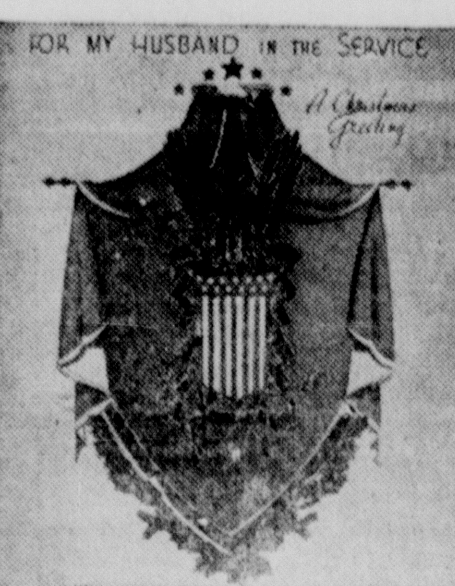

These huge 60-ton heavy tanks cost \$120,000, and America's automotive and locomotive plants are turning them out on a never-ending assembly line. Our army uses light tanks, weighing 14 tons, and medium tanks of 28 tons also, but we favor the medium tank over the other two.

These heavy tanks are needed for certain phases of modern warfare, and with their thick armor and heavy-gauge guns they are almost unstoppable. They are considered superior in gun power, in maneuverability and in the power of their huge tractor motors to Axis tanks. Americans everywhere are helping to pay for these monsters of war through their purchase of War Bonds. Invest at least ten percent of your income in War Bonds every pay day.

U. S. Treasury Department

## Doughboy Greetings

Uncle Sam's married men in the army, whether in Ireland, England, Australia or other lands, are going to be remembered during the holidays through cards such as this one.

## JAP FLEET POWER IS BROKEN BY VICTORY

In the greatest single naval victory of the war and the most complete route of a fleet since the destruction of the Spanish fleet in Manila bay in 1898, the power of the Japanese navy has been greatly reduced in the Pacific said Secretary Frank Knox at noon Tuesday.

While praising the navy and the air force for the splendid victory that sent 23 Japanese ships to the bottom along with some 40,000 soldiers, Secretary Knox said there will be another round. We have won the first and second round, but there will be a third round.

Nothing was said about aircraft carriers. Among the ships sunk was a Japanese battleship.

In North Africa the United States army and the British are pressing on for the final clean up of the Germans in Tunisia.

There were no reports except the battle is in progress and a show down is imminent. There was little doubt of the outcome although Hitler has said he will defend Tunisia.

## Methodist Sponsor Community Program

"Build Civilian Morale" is the subject for the special program at the Cameron Methodist Church tonight at 7:30.

This is the first of a series of special Wednesday night programs. The Rev. S. B. Smith, a native of Illinois, a graduate of Texas A & M and now Associate Minister of the Cameron Methodist Parish, will be the speaker. The public is welcome.

## NEGRO FARM COUNCIL HOLD PLANNING MEETING

The County Agricultural Council met Saturday, November 14, during which election of officers were held and 1943 plan of work was outlined by the council. Fannin Pope of Rt. 2, Cameron, (Cross Road Community) who has missed only two monthly meetings in three years was unanimously elected to succeed himself.

Insight of meat rationing, stated C. L. Redus, Negro County Agent, the council included meat work and possibly a meat show in its program work. Speaking to the council, Redus declared the rumor that "the Government was going to take up all of the hogs from farmers" to be untrue and absolutely unfounded. He pointed out, however, that a systematic sale of hogs may be required within several months if the meat situation becomes grave enough.

Included in the council's plan of work was the annual fruit tree campaign which has accounted for more than five thousand fruit trees planted within the past three years of approximately 100 Negro farmers. Group purchases from the local nursery has greatly facilitated this program.

Announced in the meeting was the redistribution of 5 gifts to as many many 4-H boys (under the Sears plan) which will be done Nov. 28.

Mr. and Mrs. John R. Hays visited his parents, Mr. and Mrs. L. L. Hays at Goldthwaite last week and while there attended the football game of Schreiner Institute and Kerrville, at Brownwood. Their son Bobby Hays, played on the Schreiner team. They were accompanied home by little Miss Ronda Beth Hays of Gatesville, who will spend the week here.

C. J. Litzman of Ben Arnold was here Thursday.

## LT. NEWTON IN GERMANY WAS TAKEN PRISONER IN THE MEDITERANEAN

Lieut. Frank M. Newton, United States Army air pilot, taken prisoner by the Germans on August 22, 1942, after his ship a B-24 bomber was shot down in the Mediterranean, has written a letter to his mother, Mrs. W. R. Newton, in Cameron.

Lieut. Newton was on a bombing mission and his plane was attacked by German fighter planes. All members of his crew except 2 were killed. Here is the letter, brought to the Herald by Dr. W. R. Newton, Jr., brother of the captured flyer: "Dearest Mom:

"Yes, I am very much alive and feeling fine. I have found the German people friendly as they are in the States. We are all human, you know. Of course I would have much more to eat in the states, but now I feel I am fortunate to be alive. All but two of my crew were killed in the crash. I received only a few scratches.

"Hope my personal property will be sent home. My guitar went down with the plane but my trumpet is safe—perhaps. Be sure and take care of all the violins, the banjo, etc. Well, I didn't tell you that I was captured August 22. Perhaps you know by this time. Have seen much beautiful country. Germany is overflowing with rolling mountains and rich valleys. On my way through Italy I saw Mt. Vesuvius and many of the old ruins dating back to the earliest civilization. Sometime after the war I would like very much to visit Germany, Italy and other countries in Europe.

"How I would love to see you and all the kids. Give them a hug for me, and tell Billie and Ruth and all the folks that I am safe and looking forward, as you, to the day of peace, the love of my family and friends. All my love to my own, mother."

—Frank.

## THORNDALE ROBBER IS CAUGHT IN FARM BARN

Melvin Herman Cook, 18 year old Minnesota boy turned robber and was shot by Constable Worley in Thorndale at 3 a. m. Saturday was in the Newton Memorial Hospital Monday recovering from an arm wound after his arrest late Saturday near San Gabriel.

Cook said that he had stolen the Buick car found at the Magnolia Station in Thorndale after the robbery. He took the car in Houston where he had lately arrived from his home in Minnesota. Driving to Thorndale he robbed the station of \$22 and was shot as he escaped.

Later in the day he went to a farm house near San Gabriel and asked for something to eat. He was told to go to another house and in the meantime officers were called.

Constable Worley from Thorndale responded and found the youth in a barn about 2 miles from the farm house at which he first asked for food.

Cook was brought to Cameron and is in the hospital. His wounds were not considered serious.

Sheriff Valter White obtained a number of finger prints and worked on the case throughout the early morning hours and all day Saturday.

### MARRIED IN GEORGIA

Tech. Sergeant Earl Peck, Jr., son of Mr. and Mrs. Earl Peck, Sr., and Miss Lynn Dinges, daughter of Mr. and Mrs. W. E. Dinges, of Alexandria, Tenn., were married on October 23, 1942, in Rossville, Ga. The bride was attractively attired in a blue tailored suit with brown accessories. Her corsage was of pink roses with white tube roses. They spent their honeymoon in Chattanooga, Tenn.

For the present, the couple will make their home in Tullahoma, Tenn.

Mrs. Ray Robertson of Temple is spending a few days in Cameron on a short vacation.

Corp. Yale Wright and Inez Slaughter of Camp Hood and Mr. and Mrs. Wright, mother and father of Corp. Wright visited in the J. L. Slaughter

## WASHINGTON

By  
CONGRESSMAN POAGE

Everyone in Washington is just as excited over the American offensive as are the folks at home. By the time you read this the whole campaign will doubtless have taken shape. At this moment optimism is running high, but it must be remembered that Africa is only one theatre of the war, and that the German Army is still the most powerful fighting force in existence. I think that we can and will destroy the German Army, but we have not done so as yet. The present success in Africa makes our prospects in Europe much brighter, but let us always remember that we can not hold a peace conference with any prospects of writing anything more than another armistice unless and until Old Glory and the Union Jack have been carried into Berlin by our own soldiers.

At home we have made progress in building the great military force that may yet be needed to utterly crush Nazism so that it will never again be able to rear its ugly head. I hope it won't be necessary for the young men who will be called under the terms of the new draft law which was finally passed by both Houses this week to go to Europe. However, the fact that we are building this great Army will of itself make the necessity for its use less likely. In addition to making it possible to call men between 18 and 20 years of age before calling fathers with little children at home, the bill includes the first clearcut legislative provision relative to the deferment of essential agricultural workers. It provides that essential workers who are engaged in producing essential crops shall be deferred. This does not mean that all farmers or farm laborers will be deferred. The worker must himself be essential and be producing an essential crop, livestock or dairy products. This is a belated recognition of the seriousness of the shortage of farm labor, but it should be most helpful in correcting the inequalities that have developed as a result of the different procedures adopted by different draft boards. Generally speaking, our draft boards have been doing a fine and thankless work. They have, however, naturally applied different standards in the absence of any definite instructions from the Selective Service.

Possibly if all of the new government programs had been handled locally as has the draft, we might get a sizable number of troops from the various offices and bureaus. Unfortunately, every time a new "administration" is created, it seems to conceive its foremost duty to be to establish a large staff of Civil Service employees who then devote themselves to the rather natural but not very helpful work of perpetuating and promoting themselves. It is doubly hard to clean out the "dead wood" in these departments now; first, because it is really hard to know just what activities are really essential and what ones are not; and second, because as soon as someone in Congress suggests that the activity of a certain department or "administration" is a useless waste, the bureau under criticism will shout that "Congress wants to control the jobs." As I have heretofore pointed out, this is generally untrue, and certainly this cry is today being used to protect more inefficient and unnecessary

bureaucrats than were ever put on the pay roll during the worst days of political patronage. I have no desire to return to a system that allows Congressmen to name incompetent administrative officials, but we should realize that the names "Civil Service" and "Merit System" do not of themselves protect the country from even greater evils than those from which we seek to escape.

Some of the administrative agencies seem to be not only wasteful but positively bent on doing the very things that Congress (and I believe the people) do not want done, but so long as they are not responsible to Congress, they do as they see fit. For instance, the Department of Agriculture and the War Man Power Commission are right now trying to force the growers of long staple cotton in Arizona to sign contracts to pay pickers a guaranteed wage of 30 cents per hour regardless of how much they pick. These farmers are offering to pay \$4 per hundred which I believe all will agree is a liberal price, but they refuse to put cotton picking on an hourly basis. The Department does not contend that the price the farmers are paying will not actually net any industrious picker much more than 30 cents per hour, but it seems to me that the sole effort is to establish on our farms the same methods of employment, including the union fee, the check off, and the maintenance of union membership for the benefit of some big time racketeers that now exist in the mass industries of the East. At the same time this Department will not raise a hand to help the farmer get a price for his crop that would enable him to meet industrial wages.

With best wishes.

## THE STATE OF TEXAS

To: Julia Alonzo, Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 4th day of January, A. D. 1943, at or before 10 o'clock a. m., before the honorable District Court of Milam County, at the Court House in Cameron, Texas.

Said plaintiff's petition was filed on the 24th day of October, 1942.

The file number of said suit being No. 12109.

The names of the parties in said suit are:

Benabe Alonzo as Plaintiff and Julia Alonzo as Defendant.

The nature of said suit being substantially as follows, to-wit:

Plaintiff sues defendant for divorce alleging as grounds therefor, that defendant voluntarily abandoned plaintiff for three years and was guilty of cruel and excessive treatment of plaintiff rendering their further living together as husband and wife insupportable.

Issued this 16th day of November, 1942.

Given under my hand and seal of said Court, at office in Cameron, Texas, this the 16th day of November A. D., 1942.

32-4t W. C. (Nig) MOODY,  
County Clerk, Milam County, Texas

## Personal Mention

We don't experiment with you radio—We repair it—You pay less for our service. Anymake radio. Parma Radio Service.

N. D. Timmerman, former pastor of the First Baptist church in Cameron, was here visiting friends Thursday night.

Word comes that Thomas Brashear, Lawrence Schiller, LeRoy Stecher and Robert Lee Salach, have arrived at the naval training school at San Diego, Calif. They are volunteers in the navy.

Friends of Mrs. Gene Smith will be glad to know that she is improving rapidly under treatment at the Newton Memorial Hospital.

Scientists are not sure where civilization began, but everybody knows how it may end.

John Newton of Houston, is ill here in the Newton Memorial Hospital where he was brought the first of this week. Mr. and Mrs. Newton formerly lived in Cameron, and have been living in Houston for 22 years. Mr. Newton was brought from the John Sealy Hospital in Galveston. Mrs. Newton is here with her husband, and is stopping with her mother, Mrs. Ed F. English where she can be near her husband.

We repair any make or model radio. Parma Radio Service.

Mrs. Louis Absnider was in Cameron Wednesday and gave the address of Rudolph Hromcik, her brother. Friends here may want to write Rudolph and his address is: Pvt. Rudolph Hromcik, 38281895 Co. F, 382nd Infantry, APO No. 96, Camp Adair, Oregon.

Little Cecilia Hubnik, daughter of Philip Hubnik of Buckholts Rt. 2, is in the home of her uncle, Cyril Hubnik in Cameron. Little Cecilia has been in the Newton Memorial Hospital where she underwent an operation.

Mr. and Mrs. Will Houston of near Cameron, will soon move into the Sam Deer home in Northern part of Cameron. Mrs. Houston at present is a patient in the King Daughters hospital in Temple.

Mr. and Mrs. Edgar Sells have moved here from Buckholts. He is employed by Grady Little at his ice office. They are living at the Guy Newton home here.

Mrs. Joe Meier, Jr., has accepted a position in the drug store of E. O. Schiller.

Post Greeting from Oscar Schiller who is in training for the army at Fort Ord, Calif. He speaks as tho he likes his place very much.

Mrs. Robert Browning of near Tyler is visiting friends in Cameron for a few days.

Denson Tindall, critically ill for several days, was operated on at the Newton Memorial Hospital and is now doing nicely. His illness resulted from a bad appendix. At first his condition was very grave but friends will be happy to know of his good progress.

Mrs. Anderson Ward of North Elm was in the city Saturday.

Miss Harriet Moore, supervisor for the old age assistance office in Bryan was here Saturday.

Levi Pratt of Lott and a former resident of Milam County, was here Saturday.

What this country needs right now is day clubs for night workers.

W. G. Grady of Cisco was here Friday.

Mrs. Louie Carter and Mrs. J. P. Noble of Corpus Christi was here on business Friday.

A. D. Backstrom of Temple was here Monday. He was a photographer in Cameron about 40 years ago.

## Play to Promote War Bond Sales at Yoe High Thursday

The victory program for the purpose of selling war stamps and bonds, will be presented Thursday night of this week by the speech department of Yoe High School.

The program will consist of three plays: The first play, "Minnikan and Mannikan," is played by Billy Black as Mannikan and Gwen Chandler as Minnikan.

The second play, "Suppressed Desires," played by Bonner McLane as Stephen, June Perry as Henrietta and Natali as Mabel. The third and last play, "Promote the General Welfare," is a patriotic play with Bill Bonewell playing Gramp, Mary Della Halpain as Barbie, John Ray Wallace as Kirk, J. P. Gooch as Steven, Linda Perkins as Justine and Betty Lou Angell as Nola.

The Swing Band, under the direction of Francis Cox, will render several numbers at the intermissions.

Admittance will be one war stamp purchased at the door. The program will begin at 8 o'clock.

What has become of the idea that everybody should be temperate in everything?

## Leave Summer Behind

The first tinge of fall weather suggests a visit to the Beauty Shop and of course you will want to come here.

## Armistice Day Wedding Unites Lives of Two Prominent Young People! Miss Mary Richter Became Bride of W. J. Brashear Here Nov. 11th

The marriage of Miss Mary Richter, daughter of John Richter of this city and W. J. Brashear of Port Arthur, was solemnized on Wednesday morning, November 11th. The Rev. Geo. Duda performed the marriage, with ring services at the Catholic Rectory, at 11 p. m.

An unusual occasion was that Mrs. W. J. Brashear is the eleventh child of the Richter family, marrying on the eleventh month, the eleventh day, and at the eleventh hour. The bride and groom's attendants were Jerry Mikula and John C. Andres.

Only a few close friends and relatives witnessed the wedding services, after which all assembled for a wedding dinner at the John Richter residence. Mrs. Frank Richter baked the wedding cake, which was beautifully decorated with fern and white ribbon. Out of town guests for the occasion were: Sheriff Ed Cartright and wife of Bastrop, Mr. and Mrs. Albert Richter of Camp Swift, and Mrs. Lee Tomkins of Bastrop, La.

The bride wore a pastel plaid suit with matching accessories of brown, and a shoulder corsage of pink sweet-heart roses. Mrs. Brashear is a graduate of Yoe High School and for the past several years has been employed at Gohmert's Variety Store, and is well known in Cameron where she has many friends, who are all wishing her and Mr. Brashear much happiness.

Mr. Brashear, is also a graduate of Yoe High School, who is now and has been for the past year employed at the Gulf Port Boilers and Welding Works at Port Arthur.

The couple left for a trip to various cities in Texas.

## MARRIED AT ARMY POST

Cpl. Conrad I. Kolodejak, son of Mr. and Mrs. I. J. Kolodejak of Cameron and Miss Rose Catherine Driffill of San Antonio were united in the holy bonds of matrimony in the 23rd Infantry Regimental Chapel at Fort Sam Houston.

The Rev. Hanninger, Catholic Chaplain in charge of the 23rd Infantry Chapel, performed the ceremony with the 5 o'clock evening mass, on Saturday, Nov. 14, 1942. The attendants for the couple were Mrs. Patrick Cordova and Mrs. Emmett Cordova.

The heartiest congratulations and very best wishes are extended to them by relatives and friends.

## SOMETHING NEW!

NEVER BEFORE SHOWN HERE!

## Christmas Greetings

We have just received our samples for Christmas Greetings. These include the new things, with complete line of cards, folders, pictures and featuring the Patriotic, War Time colors and designs.

Act Today! No Orders accepted after December 1, 1942.

*The Cameron Herald*

Telephone 282

Stockpiles like this are needed all over the country so that our Government can plan our armament program—and our mills and plants can deliver the fighting tools!

Get in on the drive that starts today. Get the unused metal out of your cellar, your attic, your garage, your place of business. Without this scrap the Nation's steel mills must shut down, for all new steel is 50% scrap, and the mills have not enough for even 30 days more.

And one more thing. Help to stop the story—spread by innocents and ill-wishers alike—that there is lots of scrap already on hand. They point to junk yards, auto graveyards, and salvage depots that have not been cleaned out, as proof that there is no shortage. *Kill this talk before it kills our boys!*

In spite of the terrible lack of scrap, here is why you may still find full junk yards

and scrap depots—and why they must be kept that way!

1. All scrap must be sorted, stripped, and broken up by scrap dealers before it can be used. Their yards are full because they are busy—preparing your scrap for the mills as fast as they possibly can!
2. Auto graveyards strip autos, keep the usable parts and junk the rest—turning out 450,000 tons of scrap in a typical month. Each month scrap within 60 days as many cars as he buys—that is the law!
3. Scrap collections sometimes have to stay around because the dealers can't handle them all immediately. Even if they could, the mills could not store it all. The local salvage depot is a stockpile—where your scrap is available for instant use as soon as it's needed. And it will be needed!

Remember if these places become empty, the mills shut down—and we lose the war!

So get out your scrap and help your neighbors with theirs. It's the greatest single contribution you can make right now to win the war!

## THE CAMERON HERALD

ESTABLISHED 1860.

Entered in the Post Office at Cameron, Texas, as mail matter of second class under an act passed by Congress, March 3, 1879.

JEFFERSON B. WHITE  
Editor and Publisher

## SUBSCRIPTION RATES:

One Year ..... \$ .50  
Two Years ..... \$ .85

In Milam County

All Resolutions, Obituaries and Notices of Public Entertainment where admission is charged or funds obtained, charged at regular rates.

Employees of Texas Power & Light Company sold a total of \$605,099.55 worth of War Bonds and Stamps during the first ten months of this year, and in addition, employees of the Company are purchasing through the payroll deduction plan at the rate of \$259,742 annually in War Bonds, announced John W. Carpenter, president.

"By January 1, 1943, I feel that the combined totals of our sales and purchases will pass the \$1,000,000 mark," said Mr. Carpenter. "This program was undertaken with no thought other than to patriotically serve our country and to co-operate with our many friends and neighbors throughout the territory in which we operate, and it has met with tremendous success and is a reflection of the deep patriotism and loyalty of Texans."

Employees of the Company devote at least two hours each week to selling War Bonds and Stamps to the public. Since the plan was inaugurated in December of last year, many employees, along with their daily work, have built up "routes" of customers whom they visit each week or month for the purpose of delivering War Bonds.

All Texas Power & Light Company district offices are authorized selling agents for United States War Bonds, Series E. War Stamps also may be purchased from T. P. & L. cashiers.

## CLUB ORGANIZED

Miss Thelma Keese, the Assistant Home Demonstration Agent of Milam County came to Yarrington School November 13, 1942, to organize a 4 H Club.

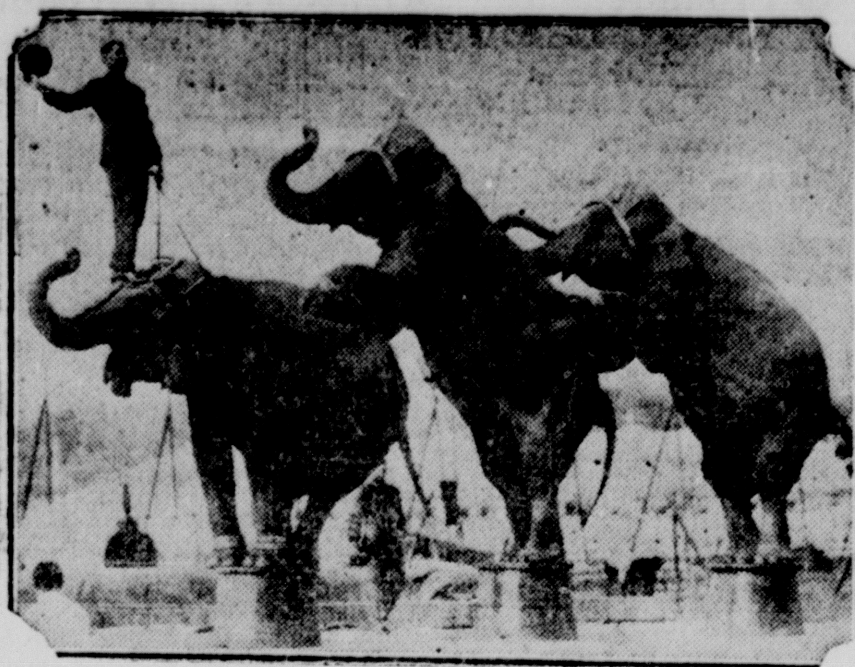

The following officers were elected: President, Elba Jean Colburn; Vice President, Eula Lane McCall; Secretary-Treasurer, Doris Nell Jungmann; Reporter, Rosa Lee Vrazel; Pep Leader, Doris Nell Lott.

Mrs. L. L. Blaylock is leaving for Washington, D. C., for an extended visit with her son and daughter in law, Mr. and Mrs. Leonard Blaylock.

Mrs. Ella Dobbins who has been in Canada with her daughter and son in law for the past summer, has returned to Cameron and Waco.

Let's be real quiet and maybe this whole year will slip by without a non-stop dance craze.

## Elephants Will Do Double Duty

When Dailey Bros. Three Ring Circus comes to Cameron Tuesday, the city of tents and later will do a remarkable act in the center ring.

## WANT-ADS

Many friends were pleased to welcome Mr. and Mrs. Pete Collier Friday while they were enroute to Rockdale to visit with relatives for the week end. Mr. and Mrs. Collier for many years made their home in Cameron where he was County Clerk for Milam County for several years. Since going out to west Texas, Mr. Collier has been a successful farmer and rancher, and owns 6,000 acres of land 4,000 of which is rich farming lands; and fine stock roam his 2,000 acre pasture. It has been 41 years since Mr. and Mrs. Collier left Cameron, and both enjoyed meeting up with their many friends in Cameron who will be pleased to welcome their return visit.

Mr. and Mrs. C. E. Terry and sons of Tulia, spent several days the past week with relatives in Cameron. Mr. Terry has recently been transferred to Tulia by the Soil Conservation Service in the Amarillo district. He has been employed as junior civil engineer by the S. C. S. for three consecutive years. He is well pleased with his work in his new location.

Little Roger Dean, two year old son of Lt. and Mrs. James T. Terry has been carried to his home after treatment this week in the Newton Memorial Hospital. The emergency medical attention given Roger Dean was necessitated, due to his drinking coal oil, a portion of which entered his lungs. He is fast on the road to recovery.

In spite of the great size of Texas, and the sparse population in large areas, which make highway improvement expensive, Texas has one of the outstanding highway system of the country.

## Patriotic Quotes

Sweet land of Liberty of thee I sing  
1739 1789

## SURRENDER in the name of the Great Jehovah and the Continental Congress!

Col. Ethan Allen

In effecting Ticonderoga's capture during the Revolutionary war, Allen so surprised the British that the fort's commander was in bed when the Green Mountain boys arrived. Asked by whose authority he acted Allen replied with the above quotation. The British capitulated immediately.

## WILLIAM EISENFELDT

William Eisenfeldt, 4 months old son of Mr. and Mrs. John Eisenfeldt, who had been ill for the past four days, died here late Wednesday. Pneumonia was the cause of his death.

Funeral services were held at 2 p. m. Thursday with Rev. John C. Solomon, Minister of the First Presbyterian church conducting. Interment was made in Oak Hill Cemetery with the Green Funeral Home directing arrangements.

Sold on 15 days' trial! Ask for "Willard's Message" which fully explains this treatment—free—at

NEW CAMERON DRUG CO.

## What You Buy With WAR BONDS

The power of the greatest Navy in the world, our own two-ocean fleet, rests in large measure on its backbone—the Battleships of the Line. They displace approximately 35,000 tons and cost up to \$70,000,000. We have something like a score of these huge ships in the Atlantic and Pacific.

Eight huge battleships are under construction and more are contemplated. To finance these modern goliaths of the sea it is necessary for every American everywhere to buy more and more War Bonds. We can do it if everybody does his share. Invest at least ten percent of your income every pay day to help your country go over its Bond Quota.

## METHODIST PTA

The Parent Teacher Association of the Methodist Church will meet at 3:30 in the afternoon of November 20 at the Methodist Church. All parents are urged to attend.

There were 151 airports and 11 seaplane anchorages in Texas listed by the Civil Aeronautics Board as of January 1, 1941.

Commercial flying activity began in Texas, May 12, 1926, with first air-mail service between Dallas, Fort Worth and Chicago.

Miss Millie Brecka of Burlington and Miss Milady Tomasek of Ad Hall were in Cameron on Monday.

Joe Kovar of the Ad Hall community has moved to Cameron.

Statistics show that the nation's hens are producing 1,000 eggs per second. What a goal for our radio comedians to shoot at!

Mrs. Paul Ffarndrescher from Houston was here Thursday.

FOR RENT—2 room apartment furnished, utilities paid. Call 324 Miss Pope. 18-1t

## From where I sit...

by Joe Marsh

LAST Saturday night we were settin' around Jeb Crowell's house, and from upstairs we hear the squawks those Crowell youngsters put up while their Ma was dunkin' 'em in soap and water. Causes Jeb to comment:

"Just shows how times change. Used to be a law here in America that nobody could take a bath without a doctor's prescription!"

Then we got talking about the funny laws some people have put through in this country—like the state where they made it against the law to wake a man up if he's sleeping on the railroad tracks.

"Railroad law I once heard about," says Basil Strube, the stationmaster, "said when two trains meet at an intersection, neither can proceed until the other one has gone ahead."

"How could that be a law?" asks Pete Swanson. "That just don't make sense."

"Lots of laws don't make sense," says Jeb. "Why just think! We're livin' in a land where most folks

hold for tolerance and understanding. And yet it wasn't so long ago we had a law of Prohibition. Account for that, if you can."

Well, he had us there. Here's America—where we set so much store on seein' the other fellow's point of view—havin' such a law. Now that it's all over, it's hard to realize how people put up with a law like that, even as long as they did.

From where I sit, a man's got every right to enjoy a satisfyin' glass of beer when he wants to quench his thirst. Beer's a friendly drink. It's a drink of moderation, too. And most folks—even the ones that don't drink beer themselves—are tolerant enough, nowadays, to respect the rights of folks who do.

I reckon Jeb was right—we've had some mighty strange laws in this country.

Joe Marsh

## METHODIST CHURCH NEWS

The Bryan District Missionary Institute is being held on Friday this week. Those to attend from Cameron are Judge and Mrs. Jeff Kemp, Mrs. J. M. McLean, Mrs. R. H. Johnson, A. W. McCullin, Rev. S. B. Smith, Miss Jennie Cone, Mr. and Mrs. Clarence Freeman and the Rev. and Mrs. Bob L. Pool.

The Methodist will co-operate in the union Thanksgiving service at the Cameron Baptist Church, Wednesday, November 25, at 7:30 p. m. the Rev. John Solomon will preach.

The Rev. Bob L. Pool and the Rev. S. B. Smith will conduct services at Minerva Methodist Church tonight, Thursday, at 7:30 p. m. Other services which will be held in setting up the Cameron Larger Parish follow: Salem Sunday at 10 a. m.; Liberty on Sunday at 3 p. m. and Maysfield on Monday at 7:30 p. m. The organizational service at Ben Arnold will be at 3 p. m. Sunday, November 29; Rev. Mr. Smith will preach at Ben Arnold at 11 a. m. on November 29th.

The Maysfield Methodist people are remodeling their tabernacle to provide for Sunday School rooms and

other purposes. The Ben Arnold church has just been painted under the direction of the Ladies Aid.

Prof. W. E. Poteet and the Young People will conduct the Thanksgiving service at the Cameron Methodist Church at 10:30 a. m. Sunday. The Rev. Bob L. Pool will preach a Thanksgiving sermon at 11 a. m. Sunday; the choir under the direction of Mrs. Winnie Wittliff will render special music. The Junior, Intermediate and Senior Leagues will meet at 7 p. m.; and night preaching at 8 o'clock.

The Circles number 1 and 2 will meet Monday at 3 p. m. at Mrs. Tucker's and numbers 3 and 4 with Mrs. H. N. Tate.

Thanksgiving service will be held Thursday morning, Nov. 26 at Friendship located south of Buckholts.

## TO TRAINING SCHOOL

Lt. James T. Terry, formerly with the 32 Battalion Coast Artillery Corps at Camp Wallace, Galveston, has been transferred to the officer's training school at Camp Davis, Wilmington, N. C.

Lt. Terry visited his family and parents, Mr. and Mrs. C. S. Terry of Cameron while on a short furlough before reporting for new duty at Camp Davis, N. C. on November 13.

Known as the "West Point of the Air," Randolph Field, 12 miles east of San Antonio, is the world's greatest school for aviators.

There are more than 23,000 miles of designated and maintained highway in Texas, about three-fourths of which can be classed as all-weather roads.

A wife is a great comfort to her husband during the distressing times a bachelor never has.

## CHRISTMAS BELLS

*I heard the bells on Christmas Day  
Their old, familiar carols play,  
And wild and sweet  
The words repeat  
Of peace on earth, good-will to men!*

*And thought how, as the day had come,  
The belfries of all Christendom  
Had rolled along  
The unbroken song  
Of peace on earth, good-will to men!*

*Till, ringing, swinging on its way,  
The world revolved from night to day  
A voice, a chime,  
A chant sublime  
Of peace on earth, good-will to men!*

*Then from each black, accursed mouth  
The cannon thundered in the South  
And with the sound  
The carols drowned  
Of peace on earth, good-will to men!*

*It was as if an earthquake rent  
The hearthstones of a continent,  
And made forlorn  
The households born  
Of peace on earth, good-will to men!*

*And in despair I bowed my head;  
"There is no peace on earth," I said;  
"For hate is strong  
And mocks the song  
Of peace on earth, good-will to men!"*

*Then pealed the bells more loud and deep,  
"God is not dead; nor doth He sleep!  
The Wrong shall fail,  
The Right prevail,  
With peace on earth, good-will to men!"*  
—Henry Wadsworth Longfellow.

## CHRISTMAS GREENS

For a great number of people, a house not decorated with Christmas greens would be dull indeed. One expert has pointed out, though, that there need be no fear that there ever will be a shortage of the greens peculiar to the various sections of this nation if proper care is taken in collecting the greenery.

But as it is today, wanton destruction in the collection of the Yuletide decorations, so thoughtfully placed for our use by Mother Nature, has brought about a danger that we might not have some of the greens we are so accustomed to.

There is a danger that the American holly, in southern Atlantic coast states, and the laurel plants of the mountainous country of the East, will both face extermination unless some organized method of harvesting is brought about.

Three other Christmas decorative plants that are rapidly disappearing because of new, and increased demand, are the winterberry, the ground pine, and the bittersweet.

To a large extent these plants can be saved if the nation turns to the use of evergreen boughs, such as cedar, pine, hemlock and spruce. For a touch of color, artificial red berries could well be used.

The story of our over commercialization is always connected with the background of the dissipation of our native plant life without regard to future stock. Some form of protective law has to be put into effect to protect the quickly disappearing greenery. Restriction or prohibition in certain areas seems to be the coming necessity to save them.

## Santa's Helpers

These two youngsters, like thousands of others, are doing their part in helping the Red Cross be Santa both here and abroad.

## Medieval Rulers Enjoyed

## Huge Christmas Dinners

Calculation of the Christian era is usually credited to Dionysius Exiguus in the Sixth century. However, he was somewhat in error, as it is believed Jesus was born before what was January 1, in A. D. 1. The phrase Anno Domini (year of our Lord), of which A. D. is the abbreviation, was believed to have been first used in 1219.

## School for Santa

Last year at Buffalo, N. Y., a night school to train raw recruits into a crop of finished Santa Clauses was opened. The time may come when every jovial, red-barbed street corner bell-ringer's whiskers mask a Bachelor of Santa Claus Psychology.

Sunday November 15th, at 6:30 o'clock, Miss Elizabeth Mangum, daughter of Mr. and Mrs. Wiley Mangum of Austin and formerly of Cameron became the bride of Lt. J. Milton Snyder, son of Mr. and Mrs. Wm. F. Snyder, Seranton Penn. The double ring ceremony was performed by Rev. Lamar Hocker, pastor of the Christian church, in the home of the bride's uncle and aunt, Mr. and Mrs. Geo. T. Graves. The bride was given in marriage by her father.

The bride wore a citrus yellow two piece wool dress, black hat, veil and accessories. Her orchid corsage was carried on a small testament.

The only attendants of the couple were Lt. and Mrs. Fredrick Bastian. Mrs. Bastian wore a blue suit with a corsage of pink carnations.

The wedding cake decorated with white petunias and miniature bride and groom was cut and served with coffee to the family and close friends attending the wedding.

Lt. Snyder, who has been in the army since March 1940, has recently been transferred to Camp Livingston, La.

The couple left for Alexandria, La., where they will live.

The way all the girls are helping in the war effort, maybe we should call 'em defense blonds.

## TIGERS TIE YOEMEN

In a hard fought game featuring line play the Waco Tigers tied the Yoemen here Wednesday night but there was no scoring. The game ended in a 0 to 0 deadlock. Waco had the edge in first downs.

Shortage of metals affects clothes hangers, so you can keep right on tossing your coat on the back of a chair.

Because of its abundance of good flight conditions and its comparatively level terrain, Texas is a natural field for both civil and military air activity.

Texas is second in the United States in number of airports, pilots and planes.

On the 28 airlines serving the United States, eight operate in Texas.

From army camps  
to the table at home

## No Priority on Thanksgiving Turkey

WITH TURKEYS unrationed, and Thanksgiving turkey dinners still in order, there will be many a thermostat spinning to 325 degrees, to roast that bird to perfection . . . from army camps feeding 30,000 men, to the table at home with a service star in the window. This is one routine that can be normal, in spite of the war winter. And where there's a star in the window, there will probably be company for dinner from a nearby camp, in uniform.

## Don't Waste It

Since Pearl Harbor, we have been working day and night to tie in enough gas to warm your houses. So don't waste it. We have a large reserve on tap, of course (the pipeline system connecting with more than 1,000 gas wells); but with 47 war plants on the network all of a sudden, you can imagine. Sheppard Field, for instance, at Wichita Falls, will use more gas than Wichita Falls itself.

And these war plants will be needing the gas more and more, until we wind up the peace. From making airplanes to a cup of tea, Natural Gas is the most economical automatic heat.

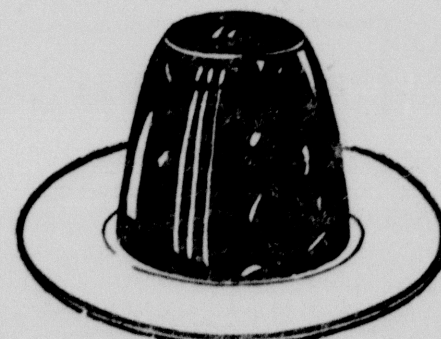

\*\*\*\*\*

## Non-Collapsible Cranberry Sauce

If your sugar supply can swing it! We have the custom of publishing this famous recipe once a year, and we do so again, just in case. But if you need the corn-sugar version, to save the rationed cane-sugar, use the second recipe.

4 cups perfect berries  
2 cups boiling water  
2 cups sugar

Boil the berries until they all pop (6 to 8 minutes). Put through a sieve, add the sugar, and let come to a rolling boil (stir with a wooden spoon). Pour into hot sterilized glasses, and seal with paraffin.

## Corn-Sugar Version

Use 2½ cups of Dyno (corn-sugar), instead of cane-sugar, and follow the same procedure.

Cranberry sauce contains iron and phosphorus, and Vitamins A and C, besides the heat and energy values of the sugar.

## BRITISH TAKE OVER TOBRUK AND PUSH ON

The German army is fleeing Tunis and Hitler may have decided to make a Dunquerque out of Rommel's failure in North Africa.

This was indicated Friday by a report that the Germans have abandoned Tobruk and are fleeing wildly through the desert.

United Nations planes are keeping a constant bombing attack on the once proud German Africa Korps which is broken and facing defeat.

Early Friday British fighter planes shot down six large Italian transport planes filled with Germans. The planes were flying north. Observers believed Hitler may be trying to save as many of his men as possible.

Of the remaining Germans and Italians in North Africa a final battle was in prospect for them in Tunisia. The American army is converging from the west and the British from the east.

Tunis was under heavy attack early Friday by bombers under American command.

German armies are pouring into Greece and to the coasts of France and Spain.

Hitler was said to have given up all hope of going to the aid of Rommel in North Africa. Instead he is preparing to meet any attack from an invasion thrust through the Mediterranean.

It was officially revealed that the invasion of North Africa by American armies was the largest military operation of its kind in the history of the world. The report said 300 warships and 500 cargo vessels were in the armada.

## Clayton Mode Will Become Cadet Flyer In the U. S. Navy

Clayton Darrell Mode son of Mr. and Mrs. J. W. Mode of 594 E. 15th Cameron, has been selected for training as a Naval Aviation Cadet and will be ordered to active duty shortly.

He finished high school at Cameron in 1938, where he was a member of the football team. Since finishing high school has been engaged in varied activities and at present is employed as a locksmith at Duncan Field.

When ordered to active duty, he will report to U. S. Navy Pre-Flight School, University of Georgia, Athens, Ga., for three months of physical conditioning, instruction in naval essentials, military drill and ground school subjects.

## Patriot Quotes

1856 1924

**THE world must  
be made safe for  
democracy.**

Woodrow Wilson

*Casting aside at last his affirmations of neutrality, President Wilson came before both branches of Congress assembled April 2, 1917, and in a historic speech asked for a declaration of war against Germany in order to make the world "safe for democracy."*

## Joe Bailey Takes Place With Chevrolet

Joe Bailey, well known auto mechanic and formerly owner of his own garage here, has accepted a place with the Grabein Chevrolet Company.

Mr. Bailey has been with the Buick Motor Company in Freeport. He will have charge of Buick service at the Grabein Chevrolet Company. Mr. Bailey will be here until he is called as a reserve enlistee in the United States Navy.

## Pvt. Ray A. Tucker, Shot in Ireland, Reported In Critical Condition; Has Been in British Hospital for 57 Days; Mother is Notified

Pvt. Ray A. Tucker, reported to be critically ill, some weeks ago has now been revealed a patient in a British Isles hospital and in a critical condition.

Mrs. Maggie Tucker, mother of the Cameron boy, received a letter on November 11 from General Ulio, Adjutant General of the army in Washington, stating that Pvt. Tucker had been shot in the stomach and there was no change in his condition.

It was said by the family here that Pvt. Tucker was shot during the uprising by Irish who resented presence of American troops. Pvt. Tucker was reported seriously ill shortly after the trouble in Ireland. At the time the family here did not know the cause of his illness. Pvt. Tucker was shot in the abdomen with a shotgun.

Mrs. Tucker received word of her son late in September.

The letter from General Ulio reported on Pvt. Tucker's condition as of November 9th and it was unchanged. The nature of his wound is believed to be most critical.

Miss Verlie Tucker, sister of Pvt. Tucker, brought the letter from General Ulio to the Herald. Pvt. Tucker has so many friends here and so many inquiries have been received about his condition, Miss Tucker requested a news story about him. Recently when Miss Tucker who is at the Weideman Cafe, made up a get well card for her brother, 82 signed their names. This has been mailed and will cheer him along in his fight for life.

Pvt. Tucker was a member of the 804th Tank Destroyer Battalion under command of Col. Purdy. The Battalion was in Cameron on July 4th

and Pvt. Tucker was also here. Shortly after the Battalion went to Ireland, arriving there in late July.

## Get Their Wings and Will Report for Army Duty in Florida

Lt. Warren H. Brashear and Lt. Billie Batte Bryan, both recently awarded their wings and commissioned in the United States Army Air Corps, are in Cameron for a few days furlough before reporting for duty.

Lt. Brashear, son of Mr. and Mrs. Womack Brashear, before entering the service was a bond buyer for the Texas Warrant Company of Cameron. He came home for the wedding of his cousin W. J. Brashear to Miss Mary Richter and to visit his parents before going to McDill Field, Florida.

Lt. Bryant, son of John Bryan, before entering the service was a student at Baylor University. He graduated from Yoe High School as did Lt. Brashear. He is here to visit his father and other relatives before reporting for duty at the air field at Orlando, Florida.

Where does a nudist carry his handkerchief?

## ALL PROPERTY OWNERS Should Read This Ad

The way to win the war at home is the same way Uncle Sam expects to win here or over there. And that is to save what we already have. We cannot last long without tanks, guns, planes and ships. Likewise your homes cannot last long without good roofs, paints and other repairs.

See or phone me for roofs of all kinds, shape or condition. I guarantee to stop the leaks on any roof. All work contracted. Remodeling of all kinds. Cabinets built. All kinds of painting. Water proofing of walls, basements, cisterns, windows, awnings car and truck tops, paper hanging, floor sanding, window caulking. Can furnish plenty of good references in Cameron and nearby towns. Will accept work in or out of Cameron. A stitch in time saves nine. PHONE 543J CAMERON.

## RICKENBACKER FOUND ON PACIFIC ISLAND

Col. Eddie Rickenbacker, lost in the Pacific since October 26, was found alive early Saturday and with him a number of crew members.

One member of the crew died. The pilot of the plane was found Thursday. Hopes rose over prospects of finding the famous aviator.

The exact location of the island on

which Rickenbacker and his crew were found was not announced. He was on a secret mission for the Secretary of War when his plane was forced down because of fuel shortage on October 26.

Until we have disciplined ourselves to live within our income, we are never really free men. We are taxed for such thriftlessness at every turn.

## That Extra Something!

...You can  
spot it every time

ABILITY to do an extra job takes an extra something. Coca-Cola has it. There are many things for thirst but Coca-Cola does far more than just quench thirst. It brings you a unique taste you enjoy... and unique refreshment you feel.

In the making of Coca-Cola, there's a finished art that comes from a lifetime of practice.

It takes the skill of 57 years of "know how" in blending certain special flavor-essences with all the other ingredients to produce an original unique taste all its own...

a taste you never tire of. It never cloy. You and your thirst could ask for nothing more than ice-cold Coca-Cola. Because ice-cold Coca-Cola is the real thing in refreshment. It's all refreshment... pure refreshment.

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.

The best is always  
the better buy!

In wartimes, less Coca-Cola is available than before. But there's still enough for many a refreshing pause. Ice-cold Coca-Cola with food is always welcomed by family and friends alike.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY

COCA-COLA BOTTLING CO., Cameron, Texas

## GIVE YOURSELF More Time for UNCLE SAM!

Woman's time and woman's work is vital now to Uncle Sam... more important in this war than ever before in history!

Keep your electric appliances in good repair so they can give you more time for Uncle Sam... more time to do the "thousand-and-one-things" women can do to help America win the war. Appliances save your time... save your energy... help you do your home-making tasks quickly and well.

Check your appliances over periodically... and when they need repairing, see your electric appliance repair shop promptly.

MAKE YOUR ELECTRIC  
APPLIANCES LAST FOR THE  
DURATION!

## HERE'S WHAT TO DO...

1. Keep appliances clean.
2. Keep them properly oiled.
3. Do not allow appliances to get too hot... turn off current when not in use.
4. Take good care of electric cords... do not allow them to knot... repair them when they show signs of breaking.
5. Defrost your refrigerator often... this increases its efficiency.
6. Release the pressure on the wringer of your washing machine when not in use, and prolong the life of the rubber rollers.
7. Always keep extra fuses on hand and eliminate unnecessary delays in restoring service when a fuse blows out.

TEXAS POWER & LIGHT COMPANY

## BIG BATTLE IS ON IN THE SOLOMONS

The war Monday had settled down to its former state, that of rumors and uncertainties.

Nothing official was heard from any quarter. American troops were reported late Sunday to have engaged the Germans for the Port of Bizerte of Tunisia and a noon report said that Axis forces and those of America and Britain were locked in a battle in Tunisia.

It was said that the Germans have no more than 10,000 troops at the scene of the fight but may be greatly reinforced if General Rommel's troops reach that city.

The Reds were gaining on all fronts. The battle in the South Pacific was said to find heavy units of both the American and Jap navies engaged. Reports of a vast movement of Japanese forces to the Guadalcanal areas were as yet unconfirmed.

It was stated however, that severe losses have been sustained by both sides in the current battle of the Solomons.

American and German forces were meeting in battle for the first time since the war began, although British greatly outnumber the Americans in the current North African fighting.

The Milam County Singing Convention met at Salty Sunday and it was discontinued for the duration of the war.

Ernest Rischar of Chicago, is here on a vacation of two weeks with his brother, Dr. Rischar and sisters.

## Jake Dodson Reports To Signal Corps

Camp Kohler, Calif.—Private Jake R. Dodson of Galveston, has arrived at Camp Kohler for basic training at the Signal Corps Replacement Training Center here.

Private Dodson, the son of Mrs. J. Dodson, of Rt. 4 Cameron, came to Camp Kohler from the Reception Center at Ft. Sam Houston.

He will be assigned upon completion of his basic training to more advanced specialist training either at Camp Kohler or at another Signal Corps post before being assigned to a combat unit.

Camp Kohler is the Signal Corps' newest Replacement Training Center and the only such post on the West Coast. The Signal Corps is charged with the installation, operation, and maintenance of the Army's vast communications system.

## Dailey Bros Big Three Ring Circus Here November 24

The first circus of the season and probably the last one until after the war, will exhibit in Cameron, Tuesday, November 24th, giving afternoon and night exhibitions. Dailey Bros, three ring circus is the attraction. This show winters at Yoakum, and is en route home as it stops for a day in this city, after touring the northwestern states all summer.

There are fewer shows on the road this year than usual, but those that are operating report the best business they have had in five years. The Dailey Circus is one of those three ring affairs that keeps a person busy trying to see it all. Performances will be given at 2 and 8 p. m. Tuesday, November 24th. There will be a street parade.

## Thorndale Robber Shot; Leaves Stolen Car at Gas Station

A lone robber was shot around 3:30 a. m. Saturday by Constable Worley at Thorndale as he escaped from the Magnolia Service Station which he had robbed of \$22.

Sheriff Valter White said a trail of blood was found leading from the station. The robber abandoned a 4 door Buick Sedan at the scene of the robbery. This car was stolen in Houston several days ago.

Doctors and drug stores were asked to report treatment of anyone recently wounded. The man may have been badly hurt.

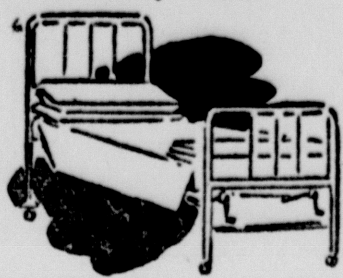

Sheriff White said he had obtained a number of finger prints and was returning to Thorndale in mid afternoon Saturday.

Mrs. Henry Stalmach who was operated on at the Newton Memorial Hospital, has returned to her home near Buckholts and is doing nicely.

Little Miss Rose Marie Johnson, daughter of Mr. and Mrs. Rube Johnson, is improving nicely from an operation at the Cameron hospital and has been taken to her home.

## What You Buy With WAR BONDS

It's not a pleasant picture to contemplate, but War calls for "blood and sweat and tears." And the Army Medical Corps, with its efficient nurses and its volunteer Red Cross "Angels of Mercy," needs thousands of surgical beds for field and base hospitals on every front.

These beds cost approximately \$22 each. They are the latest thing in modern hospital beds, with elevating springs. In some instances surgical cots are used in temporary field hospitals and there is a folding bed which may be used in ambulances. Your purchase of War Bonds and Stamps can buy many of these beds for the Army. You'll sleep better if you know our boys have every hospital comfort. Buy War Bonds every pay day. Invest ten percent of your income.

U. S. Treasury Department

## DARLAN PLACED IN COMMAND IN AFRICA

France was back in the war Saturday against Germany.

Admiral Darlan, once hated by the United Nations for his collaboration with Hitler, was placed in command of all French forces in North Africa with the permission of General Eisenhower, commanding the United States army.

In Washington President Roosevelt announced that the French would be given arms. The lease lend act was extended to the people of North Africa. The peoples there will be armed and will receive food and clothing.

Japan had sent a delegation to Berlin for a conference. It was believed some new offensive thrust may be in the making as Hitler could not defend his position in North Africa.

As the week wore to a close the plight of General Rommel in Libya was increasing. Already the United States army has advanced 120 miles into Tunisia and a British force in great number was coming from the east.

French forces had begun an attack on the Germans in Tunis. There

## WEDDING DATE ANNOUNCED

Many friends in Cameron and over the state will be interested in hearing of the approaching marriage of Dr. Ralph Mahon, Jr., of Milan, Mich., to Miss Barbara Jane Fisher of Detroit, Mich., daughter of Mr. and Mrs. Karl Fisher of Michigan, the wedding to take place December 23rd in the Michigan League Chapel in Ann Arbor, where they both attended school.

Dr. Mahon, Jr., is the eldest child of his parents, the mother before her marriage was Miss Nora Hefley, daughter of the late Mr. and Mrs. Jim Hefley of Cameron, both of them natives of Cameron. The mother was honor student in a class of 14 members when she graduated here, and afterwards was instructor in Cameron high school for several years, before going out west where she met her husband, while teaching school

there.

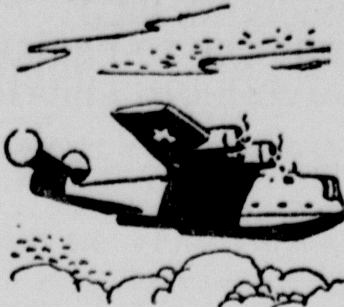

Mrs. Mahon is a well known writer, and is the author of a number of fine poems, and at one time, was being discussed as "Poet Laureate" of Texas.

Mrs. Mahon is a sister of Mrs. Dan Tyson, Miss Willie Hefley of Cameron and has other sisters and brothers, and relatives over the state. Her return visits to Cameron are much enjoyed by a large circle of relatives and friends.

The bride-elect is graduate of the University of Michigan; is a member of the Alpha Chi Omega, Mortar Board, and Phi Beta Kappa, and the groom-elect is a graduate of University of Texas, where he won his Phi Beta Kappa Key, and took his medical course at the University of Michigan where he was affiliated with Phi Chi fraternity.

## What You Buy With WAR BONDS

The giant four-motored Navy Patrol Bombers are the world's most powerful planes. They cost approximately \$700,000 each. The Navy also has a lighter Bomber called the Scout Bomber which costs about \$143,000 apiece.

The battle for Britain was almost lost because England had none of these giant four-motored planes with which to fight back. We need thousands of them and they are coming off the assembly lines in our production plants at a high rate of speed today. You can help buy these for your Navy by purchasing War Bonds and Stamps every pay day. Put at least ten percent into Bonds or Stamps and help your county go over its quota.

U. S. Treasury Department

## CHRISTIAN SCIENCE SERVICES

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 22.

The Golden Text is: "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you? (I Cor. 3:16.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "... yea, though we have known Christ after the flesh, yet now henceforth know we him no more... Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new" (II Cor. 5:16, 17.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "A demonstration of the facts of Soul in Jesus' way resolves the dark visions of material sense into harmony and immortality" (page 422.)

Mrs. W. W. Culver of Houston is in Cameron for a week to be with her mother, Mrs. M. W. Price who has been ill. She will return Sunday when Mr. Culver comes to Cameron for her.

Barking dogs do not bite—while they're barking.

Don't expect the impossible, but cooperate with the inevitable.

## THE STATE OF TEXAS

To: Julia Alonzo, Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 4th day of January, A. D. 1943, at or before 10 o'clock a. m., before the honorable District Court of Milam County, at the Court House in Cameron, Texas.

Said plaintiff's petition was filed on the 24th day of October, 1942.

The file number of said suit being No. 12109.

The names of the parties in said suit are:

Benabe Alonzo as Plaintiff and Julia Alonzo as Defendant.

The nature of said suit being substantially as follows, to-wit:

Plaintiff sues defendant for divorce alleging as grounds therefor, that defendant voluntarily abandoned plaintiff for three years and was guilty of cruel and excessive treatment of plaintiff rendering their further living together as husband and wife insupportable.

Issued this 16th day of November, 1942.

Given under my hand and seal of said Court, at office in Cameron, Texas, this 16th day of November A. D., 1942.

32-4t W. C. (Nig) MOODY,  
County Clerk, Milam County, Texas

## HISTORY CLUB

The History Club had as hostess Tuesday afternoon, Mrs. Jeff T. Kemp at her home, Mrs. H. F. Smith, president, presiding. Mrs. J. C. Martin gave an interesting talk on "British Personalities." Miss Winnie Henderson gave the story of the poem "On Flanders Field." Following the program the hostess invited her guests into the dining room and were served dainty refreshments in Cafeteria style from a beautifully decorated table where the decoration carried out a patriotic and floral theme. While guests were seated around the room enjoying the refreshments, Mrs. Chas. Hicks gave an informative talk on the gas rationing that will come into effect the first of December; also gave some interesting facts about the new rubber tire laws.

Next meeting will be with Mrs. W. E. Gaither, November 24th.

George Tanner Vickers of Burlington lately of Velasco has returned to his home after recovering from an operation at the Newton Memorial Hospital.

Ohio jury with eight women on it returned a verdict in two minutes. Wonder where the sale was.

A rushing business is usually headed by a man who does the same.

## WE INVITE YOUR Dry Cleaning Trade

Perhaps you know us only as a laundry, and if you have never had us do dry cleaning work, you might be of the opinion that we wash every garment. We have a modern and up-to-date dry cleaning establishment and we do good work that is on par with the very best. And we do not wash a garment that is supposed to be dry cleaned. MOTHER'S OATS

(Premium Package)

TRULY, AMERICA'S SUPER BREAKFAST FOOD!

BOY I'VE GOT TO PAMPER THIS BABY NOW!

With less than a normal 3 months' supply of new trucks to be rationed for all our civilian needs for the duration—truck owners and drivers have got to make every existing truck last longer. In order to do this job most effectively, the Office of Defense Transportation has outlined a nationwide program of conservation, in which you can join through the U. S. Truck Conservation Corps.

## HUMBLE CAN HELP YOU KEEP 'EM ROLLING LONGER

Humble stations have been named official stations for the U. S. Truck Conservation Corps, where you may sign up to cooperate in the government's program. Your Humble dealer is pledged to help you—and his systematic inspections and accurate written reports to you will go a long way toward keeping your truck in good shape for the big job ahead. Your truck is a vital link in America's Transportation Line. Join the Truck Conservation Corps—and let Humble's Planned Maintenance Service help you—KEEP 'EM ROLLING LONGER.

HUMBLE OIL & REFINING COMPANY

Helping YOU Keep 'em fit to Keep 'em ROLLING

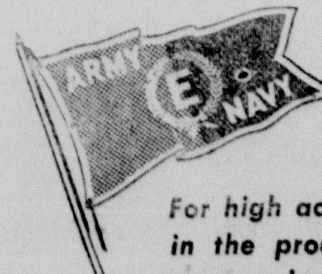

## DISPLAY THIS EMBLEM

This red, white and blue emblem on your truck door marks you as a patriotic citizen pledged to do your best to keep the trucks of America rolling—until victory.

## CARS, TOO, NEED HUMBLE SERVICE

Let Humble's planned, systematic care help you keep your car running better and longer. Your copy of "20 Ways to Get Longer Life from Your Car" is FREE at your nearest Humble station.

For high achievement in the production of war equipment.
